Content License

Product Authors

Thank you for your purchase. This page explains what you can do with the content in your product. It's written in plain language, with no legalese.

WHAT'S INCLUDED WITH YOUR LICENSE

✓ What You Can Do	✗ What You Cannot Do
Publish under your own name and brand Add your name, logo and colours.	**Resell the source files** Don't repackage and sell the MP4, PPTX, MP3 or DOCX files as a licensable or rebrandable content kit.
Edit and customise freely Rewrite, reorder, translate or expand any part of it.	**Transfer this license** It's issued to you personally and can't be passed on to others.
Use it across your business As a course, lead magnet, membership bonus, podcast, blog series, or for your own learning.	**Hide the AI narration** Don't present the AI-generated voice as a human recording (see below).
Sell what you build Sell finished programs or courses you build from this content.	

AI-GENERATED CONTENT

This product was created with the help of AI tools. **The narration in the videos and audio is an AI-generated voice**, and the recordings don't say so. If you use our narration, tell your audience that the voice is AI-generated, for example in your course description or at the start of the first lesson. If you re-record the lessons in your own voice, you don't need to.

Some slide images were also generated with AI. Like everything in this product, they are not exclusive to you.
